

EMPIRES^{GRK2571}

Dynamic Transformation
Temporality and
Postimperial Orders

Funded by
DFG Deutsche
Forschungsgemeinschaft
German Research Foundation

6 x three-year postgraduate positions (f/m/d)

The RTG focuses on imperial temporalities and their representation, reflection, memories, resonance, experiences, and manipulation in the context of imperial transformation and post-imperial orders.

Represented disciplines: History of any global area from antiquity to the present, Sociology, Political Science, Near Eastern Studies, and English Literature; departments of Economics and European and International Law, can be involved in the supervision of specific research projects.

We offer:

- a structured research training programme, support of individual research, preparation for an academic career and related professional fields
- continuous supervision by two professorial members of the RTG
- in-depth professional and interdisciplinary exchange
- opportunities for international academic networking and career advancement
- funding for up to six months abroad at a partnered research institute and for attending conferences in Germany and abroad

We expect:

- an excellent Master's degree or equivalent, preferably in a field of study represented in the RTG
- a dissertation project within the RTG's framework
- participation in the research training programme and the events of the RTG
- enrollment in the doctoral degree programme at the University of Freiburg
- languages: English proficiency (B2) by the start of the employment, willingness to acquire the German language
- residence in Freiburg

Application (in English or German):

- letter of motivation (1-2 pages)
- CV
- copy/copies of the university certificate(s) including a transcript of records
- outline of the research project (7-10 pages): an abstract (1 page), working title, state of the art, main research questions, theoretical approaches and methodology, a time schedule
- names of two academic referees whom we may contact
